## DETAILED ACTION

### ***Allowable Subject Matter***

1. Claims 6, 7, 9-13, and 15 are allowed.
2. The following is an examiner's statement of reasons for allowance: the examiner is unaware of any prior art which suggests a semiconductor device with an alignment feature along the edge of the device which is encapsulated by an insulating material or of a removable alignment feature which is electrically isolated from the leads but is still formed in a portion of the lead frame (while protruding from the insulating material which is covering the die).
3. Sabyeying (USPN 6,028,350) discloses a lead frame. However the Sabyeying reference does not discuss any alignment feature which is along the edge of the device. Therefore the Sabyeying reference does not teach the applicant's invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
